Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: There was a discussion of the statutory status of the claims in view of the new Guidelines for Patent Eligible Subject matter (published as an OG notice 11/22/05). The examiner stated that removing the "inputting" step would overcome new matter with regard to "inputting" and that amending claim 2 to recite a concrete, tangible and useful result would render the claims statutory. Ms. Hubl pointed to support for the use of "subsets". Claim amendments were discussed, but no agreement was reached. .
